PINE LEVEL CLUB NEWS

Pine Level Club held its regular meeting March 16th with Miss Matthews.

Mr. King was present and gave a discussion on sanitation. We enjoyed having Mr. Ed Ellis with us also.

Swedish weaving and Italian hemstitching was the subject for the afternoon.

The club mixed thirty-four boxes of face powder.

Mrs. Cora Clark, Reporter.

Mrs. Emma Bryan is spending some time with her sister, Mrs. Fannie Sellers, at her home near Opp.

Mrs. Beattie Hutchinson, Mrs. Claude Dorsey, Mrs. Henry Dorsey and Miss Sue Hutchinson were visitors to Troy Tuesday.

Charles Lindsey of Auburn was the guest of his parents, Mr. and Mrs. Jordan Lindsey, during the past week.

W. M. Brunson and Forest Tabor were Montgomery visitors during the past week.

PINE LEVEL NEWS

We are having big sales and sunshine plenty now since we had so much rain a while back. Would be glad to see a shower now.

The peanut shellings given last week by Mrs. Ruby Kieracose, Mrs. Kate Jones, Mrs. Bessie Cooper and Mrs. E. A. Carpenter were all a great success.

The play at the school house Friday night was simply fine. I think every one enjoyed it. It was a very successful one.

Mr. and Mrs. J. B. Clark spent Saturday night with Mr. and Mrs. E. A. Kieracose.

Mr. and Mrs. P. E. Bodoloe and daughter from Kinston Route 1 took supper with Mr. and Mrs. J. B. Clark Sunday night.

Mrs. Pearl Whitman and Mrs. L. I. Whitman took dinner with Mrs. Fred Carpenter Tuesday.

We enjoyed having Mrs. Whitman with us at our peanut shellings. Mrs. M. A. Helms has been visiting his mother, who is very sick.

Mrs. Parria and Miss Leola are raising funds for a barbecue the next week.

Mrs. A. Helms. They had a quiting party and a very nice time.

DINN TO "CLEAN UP OR CLOSE UP" VIOLATORS

MONTGOMERY, March 22.—David E. Dunn, given the power as regulator of Alabama's 36,000,000 beer business, moved forward on a broad front today to "clean up or close up" the rampant law violators among the State's 1,000 retail beer outlets.

Dunn, former administrator of the Alabama Alcoholic Beverage Control Board, was named State director of the Brewers and Alabama Beer Distributors Committee at its organization meeting here last week, attended by more than 50 shipping brewers and distributors controlling approximately 95 per cent of the State's beer supply.

Dunn, who resigned his State post to assume control of the beer industry, which gives employment to more than 5,000, was given two powerful weapons in the industry's self-regulation program—the authority to instruct brewer and distributor members to shut off the supply of beer to law violating outlets which refuse to heed warnings, and the right to call on the ABC Board, on behalf of the State, to enforce the law.

Regulation of the industry, sponsored by the United Brewers Industrial Foundation, will be carried out through district "good conduct" committees covering Alabama's 25 wet counties, which will report violations to State headquarters for investigation. Director Dunn wrote the chairman of these district committees this week asking for a full list of retail beer outlets which have brought complaints from the public because of flagrant law violations.

He stressed that these complaints would be thoroughly investigated and every effort made to obtain the cooperation of owners before drastic steps were taken.

P. W. Rollins of Mobile was named chairman of the State Executive Committee, and David S. Meyer of Birmingham was elected secretary-treasurer. State headquarters were established at Montgomery and the following named as chairman of district good conduct committees:

Mr. and Mrs. W. L. English and little son, Earl, were visitors to Opp Sunday.

Mr. Joe Brown Morgan of Montgomery is spending several days in Elba.

FOR FORTY-ONE YEARS COFFEE COUNTY LEADING NEWSPAPER

VOLUME 42.

CONTRACT LET FOR PAVING HIGHWAY TO ENTERPRISE

Announcement was made last week by the State Highway Department that contract had been let to the Vandegrift Construction Company of Montgomery for paving the Elba-Enterprise highway. Bids were opened on the project Tuesday and Vandegrift submitted the lowest bid, \$161,044.14.

A stipulation in the advertisement for bids on this road project stated that the contractor would be given 140 working days in which to complete this work. However, it is understood that contractors get the benefit of days on which it rains so it is not definitely known just when this work will be completed. Ordinarily, it is understood, only about twenty days in each month can be counted as working days. On this basis the road will not be completed before winter, although motorists were hoping that it could be topped before the cold weather hinders.

The Vandegrift company is said to be one of the largest contract firms operating in this section of the country and has done some fine work in highway construction. Should work be started at two or three points at the same time, there is a probability that the road can be finished before winter.

While no definite date has been set, it is anticipated that work will begin within the next week.

It was also stated here last week that the Highway Department announced recently that an agreement had been reached with the Elba-Enterprise highway.

The major portion of the unpaved section in Coffee County has already been graded, and it is the purpose of the Highway Department to complete the entire gap in both counties at a very early date.

This will also be good news to motorists throughout this section and when completed this road will be heavily traveled.

PRESIDENT IN AUBURN AND TUSKEGEE TODAY

WASHINGTON, March 22.—President Roosevelt will arrive at Tuskegee, Ala., around 10 o'clock Thursday morning as he begins two weeks' stay in the South.

He will spend about one hour motoring around the grounds of Tuskegee Institute and will make a brief talk to the students and faculty.

He then will motor northward to visit Alabama Polytechnic Institute at Auburn, where he expects to spend an hour or so before a brief talk.

After lunch, he will start for Warm Springs, Ga., pausing for a brief stop to greet the citizens of Opelika.

WHITMAN'S MILL BURNS

Friends of Mr. Flournoy Whitman will regret to learn of his loss by fire on Friday, March 17, at the attractive home of his wife, Mrs. F. D. Veal.

The fire was caused by an exploding gas tank on the engine. Gasoline was thrown over the entire building and it was aflame immediately. In addition to the equipment and building, approximately 150 bushels of shell corn and meal and a large quantity of crushed feed were consumed in the blaze. Damages are estimated at several thousand dollars. No insurance was carried.

Mrs. Walker Banoff, who has been visiting her son, Dr. Joe Banoff, and family for several months, returned to her home in Elba last Thursday.

Miss Nettie Flournoy returned Saturday from a visit to friends in Bay Minette and Montgomery.

Kimmie Dorsey, student at Baylor School, Nashville, Tenn., spent several days last week with relatives in Elba.

Mrs. L. P. Morrow and Mrs. Jake Morrow were visitors to Montgomery last week.

FOR FORTY-ONE YEARS COFFEE COUNTY LEADING NEWSPAPER

VOLUME 42.

CONTRACT LET FOR PAVING HIGHWAY TO ENTERPRISE

Announcement was made last week by the State Highway Department that contract had been let to the Vandegriff Construction Company of Montgomery for paving the Elba-Enterprise highway. Bids were opened on the project Tuesday and Vandegriff submitted the lowest bid, \$161,044.14.

A stipulation in the advertisement for bids on this road project stated that the contractor would be given 140 working days in which to complete this work. However, it is understood that contractors get the benefit of days on which it rains so it is not definitely known just when this work will be completed. Ordinarily, it is understood, only about twenty days in each month can be counted as working days. On this basis the road will not be completed before winter, although motorists were hoping that it could be opened before the cold weather hinders.

The Vandegriff company is said to be one of the largest contract firms operating in this section of the country and has done some fine work in highway construction. Should work be started at two or three points at the same time, there is a probability that the road can be finished before winter.

While no definite date has been set, it is anticipated that work will begin within the next week.

It was also stated here last week that the Highway Department announced recently that an agreement had been reached with the Elba-Enterprise highway. The major portion of the unpaid section in Coffee County has already been graded, and it is the purpose of the Highway Department to complete the entire gap in both counties at a very early date.

This will also be good news to motorists throughout this section and when completed this road will be heavily traveled.

PRESIDENT IN AUBURN AND TUSKEGEE TODAY

WASHINGTON, March 22.—President Roosevelt will arrive at Tuskegee, Ala., around 10 o'clock Thursday morning as he begins two weeks' stay in the South.

He will spend about one hour motoring around the grounds of Tuskegee Institute and will make a brief talk to the students and faculty.

He then will motor northward to visit Alabama Polytechnic Institute at Auburn, where he expects to spend an hour or so before lunch.

After lunch, he will start for Warm Springs, Ga., pausing for a brief stop to greet the citizens of Opelika.

WHITMAN'S MILL BURNS

Friends of Mr. Flournoy Whitman will regret to learn of his loss by fire on Friday, March 17, at the attractive home of his wife, Mrs. F. D. Veal.

The fire was caused by an exploding gas tank on the engine. Gasoline was thrown over the entire building and it was flames in each objection filed, the description of each item of property and his reason for making objections as required herein, may file objections in writing to such assessed valuations with the Secretary of said Board, on or before the last Monday in April, 1939.

And the taxpayer shall set out in such objection filed, the description of each item of property and his reason for making objections as required herein, may file objections in writing to such assessed valuations with the Secretary of said Board, on or before the last Monday in April, 1939.

Don't miss the 22nd day of March, 1939.

JUNIOR MUSIC CLUB

BOLLS MEETING

The younger members of the Music Appreciation Club met on March 10th in the home of Ann Duway, with Margaret Whitman as assistant hostess. The apartments were attractive in an arrangement of lovely spring blossoms.

A variety program was given, each member discussing some musical subject or event of importance. The main theme of the afternoon was "Paderewski, The Beloved Musician." Excerpts from some of his best known compositions were given by Mrs. Arden Bradley.

The monthly picture card exchange is a feature part of every meeting and proven to be an important beginning to real appreciation of music.

The Blue Birds won the monthly prize by answering the most questions correctly. At the conclusion of the program, the hostesses served a lovely salad plate with iced punch. The Easter scheme was carried out in both design and color.

Charles Rowe of Montgomery spent Monday in Elba on business.

NOTICE TO TAXPAYERS

The Board of Review of Coffee County has completed its work of review and the assessed valuation of all property for taxation has been fixed as by law provided. Notice is hereby given that the tax return lists showing thereon such assessed valuations are in my office and open for public inspection.

The Board of Review will sit at the Courthouse of Coffee County, at Elba, on the first Monday in June, 1939, to consider such protests as may be filed by any taxpayer as herein provided. Any taxpayer who is not satisfied with the valuation of his property as fixed and entered on the return list as required herein, may file objections in writing to such assessed valuations with the Secretary of said Board, on or before the last Monday in April, 1939. And the taxpayer shall set out in such objection filed, the description of each item of property and his reason for making objections to the assessed valuation as placed thereon.

Done this 22nd day of March, 1939.

W. H. EDMONDS,
Tax Assessor, Coffee County.

THE CONVENIENT KITCHEN

BOLLS MEETING

What do you suppose you could do with a little money and some time? This question came to my mind when we were studying Home Management. I decided there was much that could be done in our kitchen. The kitchen need to be made more convenient and attractive.

First of all I gave the kitchen a good cleaning. From an old table I made a convenient working center. Two orange crates, one apple crate and some gingham made an attractive cabinet. I covered the table in linoleum for protection to the table and to make the job of cleaning and keeping it clean easier. I painted the orange crate cabinet green and placed it above the table. Then I made a gingham curtain and draped around the table to protect the linoleum from dust and give an attractive appearance. After I got everything together I decided the equipment plays a very important part in the work of this center so I managed it according to its use. In the cabinet the space on one side with the other small equipment. The pans, measuring spoons and cups are on the other side.

I like to collect recipes. The recipes I have collected are never used because I keep them in a drawer to a safe. When I want a recipe book I cannot find it. To be able to find recipe books when I want them I have provided a place for them. We had an old table which could be used. I cleaned the table and then polished it. From a paste board container I made a filing box in which I keep all recipe books filed according to size. I have found that in my cooking I can get to the recipes easier and make better use of them because they are handy to find.

Do you ever get tired bending your back? I am sure you do. Too many times we bend our back when it is not necessary. Our wood box sat flat on the floor. Each time we got a piece of wood out of the box we had to bend down to get it. We do not have to make this unnecessary bend now because our wood box sits up on legs. The wood box is painted green to match the work table.

My project is not complete. I am going to repair and paint a safe. It will be painted so as to harmonize with the rest of the kitchen. In the safe we keep cooked food.

Have you ever burned your finger? I am sure you have if you have ever cooked. To prevent the burning of my fingers I am going to make pot holders. The pot holders will be made from cloth scraps. They will be kept in a holder made from oil cloth. The oil cloth will be easy cleaned and durable. It will be placed near the stove.

One day when I was working on my project my mother said, "The kitchen arranged like this will make my work easier." I think when my project is completed it will be one my entire family will enjoy.

WINNIE PEARL CLARK,
Kinston High School.

PINE LEVEL NEWS

Guess the farmers around here were all glad to see the good rain that came Sunday, even if it did hail some, too.

A shadow of sorrow was cast over the community Sunday night when Mr. Andrew Beck's wife, Mrs. Leila Beck, fell dead about nine o'clock on her way home from church. Interment was made at Bullock with Rev. Walter Moody performing the last rites.

Mrs. Beck was kind and courteous and was loved and honored by a host of relatives and friends. She leaves to mourn her passing her husband, one daughter, three grandchildren, two sisters and five brothers, to whom we extend our deepest sympathy.

Mr. and Mrs. Willie Cooper are the proud parents of a fine boy.

Peanut shelling at the homes of Mrs. Victoria Bryan, Mrs. Anna Lou Kilecrease and Mrs. Phillip Kilecrease last week were well attended.

The recreational party at the school house was enjoyed by all who took part in the game.

Building on the new auditorium is getting started.

Mr. A. R. Smith has opened a new store.

FROM MR. TALBOT

Search the Scriptures, for in them ye think ye have eternal life, and they are they which testify of me.—St. John 5:39.

The Bible is the written and inspired Word of God, and I want to say it to the people and especially those who profess to be Christians, would live up to its teachings, observe its commands and demands, we would almost have a Paradise here on earth. If we could do the things we are commanded to do, and leave off the things we are taught not to do, I dare say we would be far better men and women.

We are taught not to love the world, neither the things that are of the world, and this is one command we certainly violate, because it seems to me we have gone crazy about the things of this world. We are taught that by their fruits ye shall know them, or the tree is known by its fruits. We are also taught not to lay up for ourselves treasures on earth, where moth doth corrupt, and thieves break through and steal, but to lay up for ourselves treasures in Heaven, where moth doth not corrupt, nor thieves break through and steal. This command we violate, because as I see it, we are laying up everything here on earth we can.

By their fruits ye know them. The Bible teaches that the love of money is the root of all evil, and judging the tree by its fruit, it seems to me the people as a whole are chasing the almighty dollar right into hell. Yes sir, I can take enough money and do almost anything I want to do.

The Lord said that we should have no other gods before Him. This we violate, because as I see it, we have all kinds of gods. Yes, if those who profess to have Religion would live up to their obligations, we would be better Christians, and a far different world.

By their fruits ye know them. Let's remember that we will reap what we sow. Also, that we can't serve two masters and give satisfaction. If we sow to the flesh,

we will of the flesh reap corruption, but if we sow to the Spirit, we shall reap life everlasting. The sweetest and nearest way to God is through prayer.

J. V. TALBOT.
